

Influencers Privacy Policy

Last Updated: May 22, 2018

This user privacy policy ("**User Policy**") describes the policies and procedures of Influencers by Style Coalition on the collection, use and disclosure of your information, and what choices you have with respect to the information on <https://www.stylecoalition.com> (the "**Site**") and the services, features, content or applications we offer (collectively with the Site, the "**Services**").

When we refer to Style Coalition we mean the subsidiary of Fashion GPS, Inc. DBA Launchmetrics that acts as the Controller of your information.

When we refer to influencers ("**Influencers**") we mean Influencers that have submitted an online application for evaluation by Style Coalition and Launchmetrics to be contacted by brands on future projects and are now registered on the Influencers by Style Coalition platform after validation by Style Coalition and Launchmetrics ("**Registered Influencers**") and Influencers that were identified on Social Media APIs by Style Coalition and Launchmetrics as potentially interesting for brands because of their level of influence on the topics of fashion, luxury and beauty but did not make the process of registering on the platform ("**Crawled Influencers**"). The selected profiles are made accessible to brands via a search engine, which can then "invite" them to join our network by registering (they join then the subset of Registered Influencers).

When we refer to users ("**Users**") we mean all individuals who are holders of an Influencers by Style Coalition account as Influencers including those users granted access to the Services as Agent of the Influencer.

We receive information about you from various sources, including: (i) if you register for the Site and the Services, through your User account on the Services (your "**Account**"), and (ii) your use of the Services generally; and (iii) from third party websites and services. When you use the Services, you are consenting to the collection, transfer, manipulation, storage, disclosure and other uses of your information as described in this Privacy Policy.

Updates in this version of the User Policy reflect changes in data protection law. In addition, we have worked to make the User Policy clearer and more understandable.
